

What is a School-Family Compact?

It is an agreement that families, teachers, and students review and update annually that explains how all stakeholders will work together to make sure ALL students reach their academic potential and attain the foundation needed to graduate from high school. The compact signed by parents, students and faculty describes how each will be responsible for supporting academic learning. The school-family compact remains at home to be reviewed by the student and parent. It will be discussed throughout the school year at different family engagement programs and parent- teacher conferences.

How is the compact developed?

The compact is revised each year by all stakeholders involved to portray the current academic needs of MVES. Multiple opportunities are provided for all stakeholders to share ideas regarding what is most needed for the educational success of all students. These opportunities include school council meetings, faculty meetings, conferences, email, parent meetings, and more.

Activities to Build Partnerships

There are many opportunities for parents, teachers, and students to build partnerships throughout the school year. Such opportunities include:

- Conferences
- Title I Meetings
- Parent Workshops
- Volunteering
- Family Engagement Programs

MCSS will build the schools' and parents' capacity for strong family engagement, to ensure effective involvement of parents and family members and to support a partnership among the Title I schools, parents, and the community to improve student academic achievement through districtwide activities and programs.
